

MESSAGING ACROSS AFRICA

COMPANY PROFILE

eSMS Africa - Company Profile

Reliable bulk SMS, OTP and SMPP messaging across all 54 African countries - one API, one balance, one partner.

◆ WHO WE ARE

eSMS Africa is a pan-African messaging infrastructure provider. We connect businesses, developers and institutions to every mobile network on the continent through one simple API and one prepaid balance in USD - from a single OTP to millions of campaign messages.

◆ WHAT WE DELIVER

- Bulk & transactional SMS across all 54 African countries
- High-throughput OTP / 2FA delivery with sub-second routing
- Direct SMPP binds for enterprise and reseller traffic
- Branded Sender IDs, delivery reports and real-time analytics
- Email, short links, chat and a full customer portal

◆ WHY TEAMS CHOOSE ESMS
